

THE STAR BLOCK

THE STAR BLOCK

AN  YM FEELIN' CRAFTY QUILTING PATTERN
WWW.FEELINCRAFTY.WORDPRESS.COM

Suggested Materials:

1/8 yd of both the background and star fabric
or just use scraps!

Instructions:

1. Print the pattern.

- Print all pages on standard paper, no special paper is needed. The pattern includes the star pattern on both 8.5x11 paper and 11x17 paper. Pages 3-6 are set up to print on 8.5x11 paper and require taping the pattern pieces together. Pages 7-8 are set up to print on 11x17 paper with no pattern piecing required..
- Make sure your print setting is set to 'Actual Size' or 'No Scaling.'
- The first page of the pattern has a 1 inch x 1 inch test square. Print this page first to make sure the pattern is printing the correct size.

The Finished Star Block finishes out at 12 1/2" x 12 1/2".

Each pattern piece is marked with a color code as follows:

BACK- Background
STAR- Star

2. Assemble the Star per piecing instructions on Page 3.

This pattern assumes that you have paper piecing experience, and paper piecing instructions are not included. But here are a couple of tips:

1. Shorten your stitch length. I typically use about 1 to 1.5. This helps when removing the paper.
2. Be sure your fabric pieces cover all the seam allowances (the dotted lines on each pattern piece).

And you're ready for quilting! Congrats!

I'd love to see pictures of your projects!
